

Welcome to our first *Quarterly Connection*

We hope you, your loved ones and colleagues are well during these difficult times. COVID-19 has changed a lot of things, and unfortunately, we won't be able to visit you at your office or meet at a trade show or conference any time in the near future. This doesn't mean we're standing still - we're launching the *Quarterly Connection* to keep you up to date on recent projects. We have plenty of exciting new organic ingredients to tell you about and organic crop news and recent blog posts to share. We hope you'll find it interesting and useful.

As always, our account managers are available to speak with you for product information, samples and quotes. You can also email us at info@global-organics.com for more information.

Stay well and we hope to see you in person again as soon as possible!

Your friends at Global Organics

NEW - CERTIFIED ORGANIC INGREDIENTS

**Organic Peanut Butter Chips
Coming Soon!**

Organic peanut butter chips are made with 4 simple ingredients: organic peanut flour, organic cane sugar, organic cocoa butter and salt. These flavorful chips can be used as an inclusion or be melted for a drizzle. They come 2000 c/lb in 35 lb cases. Samples are available.

**Organic Agave Syrup
Now Available**

We source our organic agave syrup from a project in Mexico that has helped marginalized, indigenous farmers commercialize their agave crops and achieve a better standard of living. Our agave syrup is the first one in the U.S. and Canada made from the *Agave Salmiana* plant, not *Agave tequilana* (blue agave).

SWEET AND ORGANIC!

Organic Strawberry

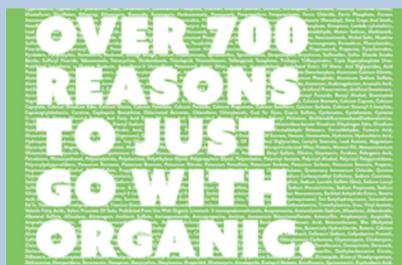

Good News -- the California's organic strawberry crop is plentiful this year. We're offering organic strawberry purée (pasteurized and unpasteurized), IQF, and various cuts (sliced, diced) packed with sugar (4+1, 5+1). Strawberries are rich in vitamin C and add amazing flavor to ice cream, yogurt and beverages.

Organic Powdered Sugar

Our organic powdered sugar is made from very finely ground organic cane sugar sourced from the [Native Green Cane Project](#). We offer 10X in a 50 lb bag. It can be made with either organic cornstarch or organic tapioca starch. Powdered sugar is great for icing, frosting and fillings. Fair trade option is available.
